

CHAD MILLS

CLASS OF 1992

"After graduating high school in 1992, I served an apprenticeship with the Plumbers and Pipefitters Local 633 in Owensboro, Kentucky. I learned to weld and design piping systems, and I earned my Journeyman and Master Plumbing License. After working for 17 years in the field, I was asked to run for the office of Financial Secretary, which is an elected position. Three years later, in 2012, my boss retired, and I ran for the position of Business Manager. I won the election, and I have held this position for a little over 7 years. There is no doubt in my mind the life skills I learned while attending Trinity High School helped me obtain this position and still hold it today. Being from a small school and faith-based environment has helped me deal with the day-to-day tasks this job has presented to me. I think just about anyone would say that the spiritual life they were taught when they attended Trinity High School has helped them in their professional lives. I am blessed to have grown up in the small town of Whitesville, Kentucky, and to have the opportunity to attend such a great school as Trinity High School!"
