

# NATHAN HUFF

CLASS OF 2013

"After graduating from Trinity, I went on to attend Brescia University where I became very involved in campus life and eventually graduated with honors with a bachelor of arts degree in Graphic Design. My education and experiences that I gained throughout high school and college led me to achieve a position working for the University of Kentucky. I am currently the Assistant Creative Director in the Athletics Department at the University of Kentucky. My daily tasks include creating designs for posters, website pages, social media posts, game-day programs, and many other various items including video boards for Rupp Arena and Kroger Field. I chose to follow something I was passionate about and it landed me in a career that I love. Without the guidance and education that I received from Trinity High School, I could not be where I am today. Teachers, administrators and fellow classmates can have such a powerful impact on one's life, and I will never forget the relationships I made at Trinity High School."
